REVIEWS

"I really appreciated how helpful the instructors were and the engaging strategies that they used. I expected this course to be intimidating but the environment was really supportive and my scores went up [23 to 28 on ACT]." **—Zoe T., Class of 2020**

"We wanted to let you know how happy we were with the ACT tutors we used from TEACH. We contacted them fairly late in the cycle but they were very good about making a workable schedule. As a former Princeton Review tutor, getting high scoring kids (95th percentile on the practice test) higher (99th percentile) is not easy. If folks ask, and I know they do, you should recommend this group without hesitation." **—SCH Parent, 2018**

"Excellent experience bringing my son's scores up. Individualized assessment, knowledgeable tutors in every discipline, small class size for group sessions. A great overall experience for tutoring and enhancement." **—Dell M., Parent, 2015**
