REVIEWS

"I really appreciated how helpful the instructors were and the engaging strategies that they used. I expected this course to be intimidating but the environment was really supportive and my scores went up [23 to 28 on ACT]." **—Zoe T., SCH Student, Class of 2020**

"Excellent experience bringing my son's scores up. Individualized assessment, knowledgeable tutors in every discipline, small class size for group sessions. A great overall experience for tutoring and enhancement." **—Dell M., SLA Parent, 2015**

"[My daughter] participated in the TEACH SAT classes at GAMP last year (where she's a senior now). Lauryn's first SAT score was 1170. The last test she took was a 1310. I don't think she could have accomplished this increase without your prep class! I'm proud to announce that Lauryn was accepted to The University of Pennsylvania for the Fall of 2020 and she will be attending. Her goal is to become an attorney! Thanks for everything TEACH staff!" **—GAMP Parent, 2020**

"We wanted to let you know how happy we were with the ACT tutors we used from TEACH. We contacted them fairly late in the cycle but they were very good about making a workable schedule. As a former Princeton Review tutor, getting high scoring kids (95th percentile on the practice test) higher (99th percentile) is not easy. If folks ask, and I know they do, you should recommend this group without hesitation." **—SCH Parent, 2018**
